#### **COUNTY – LEVEL “ADOPT - A - ROAD” PROGRAM**

St. Francois County has taken the lead in developing a county-level “Adopt-A-Road” program. The necessary forms have been cleared through the County Attorney, and the program is now in place. Anyone interested in duplicating this program is invited to review the necessary documents at the St. Francois County official website. Other counties can feel free to use these documents and forms. The web site is [www.sfcgov.org](http://www.sfcgov.org).

All additional contact information is listed on that site.
