

Notice of Projects and Request for Bids

The Southeast Missouri Regional Planning Commission is administering a program under the 2011 National DERA Breathe Easy Missouri project. Under this program the following activities will be funded:

1. Seven (7) Diesel Oxidation Catalysts will be installed. Of these, three will be installed on refuse haulers and four will be installed on on-road trucks.
2. Three (3) Diesel Particulate Filters will be installed. All three of these will be installed on refuse haulers.

All vendors are invited to bid on these projects. Any equipment proposed must be on either the U.S. Environmental Protection Agency or the California Air Resources Board verified emission control technology list.

Qualified bidders are encouraged to contact the Southeast Missouri Regional Planning Commission at:

David Grimes, Deputy Director
Southeast Missouri Regional Planning Commission
1 West Saint Joseph Street
P.O. Box 366
Perryville, MO 63775
(573)547-8357
dgrimes@semorpc.org

This project has been initiated and must be completed by July 31, 2013. The Regional Planning Commission will answer questions and will forward contact information for all interested bidders to the entities which own the vehicles on which the equipment will be installed.
